Hair & Identity

Hello *Blue Sage Family*,

CeCe was on KWTY 1060AM Flashpoint radio show in January. She was apart of a panel discussing hair and identity.

The host Cherri Gregg, was inspired by Congress woman Ayanna Pressley going public about her experience with alopecia .

Conversational questions discussed were:

- How is hair connected to someone's identity?
- How does hair loss impact someone's work and personal life?
- Is Ayanna coming out with her hair transformation activism, is it empowering?
- In what ways can hair loss effect someone mentally?
- What are some forms of hair discrimination?

CeCe discussed these topics along with panelist

Syreeta Scott: Founder of Duafe Holistic Hair Care who has styled high profile clients from Janet Jackson to

Ava DuVernay and

Lori Tharps: Associate Professor in Journalism at Temple University and author of the critically acclaimed Hair Story: Untangling the Roots of Black Hair in America.
